YOUTH UNIFICATION, TRAINING, IMPROVEMENT, LEADERSHIP IMPACT & ZEST for EXPLOITS

About **YUTILIZE** (YOUTH UNIFICATION, TRAINING, IMPROVEMENT, LEADERSHIP IMPACT AND ZEST FOR EXPLOIT)

Youths and young people play vital roles in fostering peace, happiness, stability and prosperity and their 'all-the-time' recognition, relevance and respect should be the cherished priorities and constant pursuits of nations' handlers and international partners alike.

As countries across the world aggressively tackle COVID-19 pandemic and its devastating effects (especially on lives and livelihoods) and other dire crises emerging; solving the various challenges confronting these young people equipping them with the required necessities needed for leadership takeover and relating them with rewarding leadership (worthy of emulation) are also crucial for National Transformations and Advancement Realization (NTAR). The emergence and continuity of new and existing platforms/ interventions that will always acknowledge their emergence, aggregate their numbers and strength, acclaim their importance and amass their nation-building strives are crucially imperative, even Now!

Hence, the establishment of **YOUTH UNIFICATION, TRAINING, IMPROVEMENT, LEADERSHIP IMPACT AND ZEST for EXPLOIT** : a non-partisan, non-profit, all-inclusive and interactive initiative aimed at identifying, involving and exploring youths and young people leadership potentials and commitments in Nigeria and Africa continued growth. It is a complementary and collaborative effort that will help to inspire and innovate youths and young persons' and connect them to people, platforms and programmes for the attainment of sustainable progress and posterity. **YUTILIZE** is founded on our belief that *given the right opportunities and enablement Youth & Young Persons in Nigeria can become effective and responsible leaders and growth promoters*. Its operation will always strive to create development opportunities, break-barriers, raise standards, unify, build trust, ensure enviable civic engagement, set-growth agenda, encourage good governance, and provide a thriving space that will facilitate leadership expressions. When embraced and supported, it will be a delight in the land and a joy of many generations

GAINS

In view of the moral decadence, crimes and criminality prevalent among our youths mostly stemming from their lack of knowledge on the consequences of their actions, nonchalance to growth activities, dearth of mentors to train and teach aright, inadequate development information to instigate improvements and other delinquencies hindering societal progress.

Y-UTILIZE initiative benefits among others will help in :

- Raising and putting the nation and continent youths in the front burner of development.
- Re-focusing youth vision and energy to leadership principles and practices.
- Complementing government and private sector efforts and pursuits on youth development and national improvements.
- Helping in tackling crime and wrong-doings through correct and proper education, enlightenment, empowerment and exposures.
- Assisting Nigerian and African youths measure-up and compete effectively with global counterparts.
- Preserving the legacies of our respected founding fathers, respected national leaders and.
- Inspiring many more of similar growth initiatives across the nation.

COLLABORATIONS & CAPACITY BUILDING

YUTILIZE is intended to thrive on the availability, acceptance and assistance of collaborators and partners, who are ready to give back to the youths in the areas of their experience, compassion, competence, intellect and abilities. Some of these partners we have met in the course of our journalistic journey and many others we will be meeting and also referred/recommended to us to work as the initiative progresses. **The** programme will also work closely with identifiable youth promoters and lovers across the country and globally. Capacity supports are thus required from time to time in-terms of resources provisions/deployment, speakers availability and facilitators of major conferences, training workshops and seminars success, mentors availability and reachout, technical assistance, use of government/private owned facilities as venues for some high-stake meetings when need arises (especially for security purposes) and other emerging supports for sustainable success.
